PRESIDENT'S MESSAGE

Hello Members – Soon we will be getting out in some nice, warmer weather and be done with this wet, windy, cold stuff! I don't know about you, but I am SO ready! I want to thank Ed for covering for me last month. *(I plan to make it through the entire meeting this month.)*

I would like to give you some food for thought and ask you to consider how you could contribute to your club. There are many positions that require very little effort and if you team up with someone to share the responsibility, it would be even easier. Some of the projects are the Spring Picnic/Pot-luck, Show & Sale, Outreach (To the schools, clubs and the newspaper), Christmas Party and Workshops. James has offered to head up workshops, but he could sure use a hand. If we want our club to survive and grow, to be interesting and fun, we all need to do our part. If you have any input regarding this subject or anything for that matter, please share your thoughts. There will be a suggestion box on the front table. Please fill out a slip or write it out at home and drop in the box when you arrive.

There was mention in last months meeting about switching the meeting day to another Saturday in the month. It seems the second Saturday is getting the majority vote so far. An advantage to this change is the Civic Center is not used by another club on that day and we could access it much earlier. We would like to encourage new members (or old members) interested in a little more training and hands-on to arrive early and take advantage of this time. If nobody shows, we'll simply work on the VA project. We will have the club lathe and another Jet Mini available and if it goes over well, possibly add another lathe.

We are making some updates to the Bylaws and some of the forms we use in the club. We had made a few changes over the years but failed to update them in the current bylaws. Any member is welcome to view our Bylaws at any time, just let me know and I'll email you a copy.

I am going to try to cover more topics in the newsletter to cut down on the amount of time spent on the business meeting. Additionally, to help in this effort Gerald is going to post the Income & Expense spreadsheet on the board at the meeting for you to view.

Please bring wood or any other item you'd like to put in the raffle. Raffle tickets are \$1.00 each to boost the treasury. Just after the business meeting the Treasurer announces raffle winning numbers in the order tickets were drawn. When the meeting adjourns for the break, raffle winners select and secure their choices of available donations. If there is anything left that you brought, please take it back home as we cannot leave any wood at the Civic Center.

Looking forward to seeing you at the meeting - Darcie

BE SURE TO WEAR YOUR NAME TAG OR GET ONE AT THE DOOR where you get your Raffle Tickets and pay your annual dues.

TOPIC SUGGESTIONS FOR MONTHLY DEMOS

We could use a presentation on various woodworking topics for monthly demos such as:.

- * Staining and Finish tips and techniques.
- * Sanding and getting wood ready for finish.
- * Shop safety and equipment.
- * Dust masks, collection systems and equipment.
- * Tool maintenance and adjustments.
- * Jigs and fixtures that save time

Last year we did some of these ideas and received good responses especially the summer time session on shop safety and accidents.
