## PRESIDENT'S COMMENTS

### ***Hello Fellow Woodturners –***

Happy 4<sup>th</sup> of July to all of you! I hope everyone had an enjoyable holiday week, ate some burgers or dogs and took in a firework's display. Personally, I watched the ASU display and it was fabulous!

The Show & Sale Committee is meeting this week and will discuss details regarding our upcoming sale. If you are going to take part as a vendor and have any input or concerns, please let us know. The committee consists of Harry McBride, Ron Ufkes, Cindy Nixon & myself. If there is any task you'd like to help with, please let one of us know.

The Bylaws continue to be a work in progress and hopefully we can complete this task and finalize it soon.

We are participating in the Celebrate Lakeview Festival in September which is held at the City Park behind where we meet. This is a good opportunity to represent Ozark Woodturners and I would really like to have the club lathe set up to have demos for the public. The sale is from 10 to 4 so a few members could come by for a couple hours each and turn something small that could be given to individuals. I have a couple hundred 1 ½ X 1 ½ X 3-inch blocks I will donate if you can come up with something. Please think about this and we'll discuss it at the meeting.

The winner of the door prize at the June meeting was Linda Moore and she chose the \$25.00 certificate at Home Depot. Congratulations Linda!

*Just a reminder ...* if you have not had your photo taken for the website, please see Bob Shaffer at the meeting. So many of us know names or know faces but can't put the two together. The Member Photo Album on the website is GREAT for this very purpose! I encourage you to have your photo added but of course, it is not required.

As usual , please bring wood or any other item you'd like to donate to the raffle. Raffle tickets will be sold before the meeting for \$1.00 each or 6 for \$5.00. If your donation is not chosen, please give it away or take it back home as promised the Civic Center.

If there is anything above you need to discuss or clarify, please feel free to message or call me, I am here for you.

### VICE PRESIDENT'S COMMENTS

As Vice President, I will try to continue the established practices past officers practiced. I am also the equipment coordinator. The officers are trying to improve methods of keeping track of the club equipment that we have. I will try to update the equipment list, and address any issues that members have storing the equipment.

If you are storing lots of "Stuff", some of that "Stuff" may be unfamiliar to you. You might wonder if it is all necessary. I will try to identify that Stuff.

I will contact each of you to see if you have any issues, and complete an equipment inventory, to make sure we have what our list indicates you have. If you don't have what's listed it may have been approved for disposal, but is still listed as current property. Some of you may be purchasing supplies periodically, like cups, napkins, batteries, etc. and those items are always changing.

We don't want to make storing club items a problem. Any ideas you have to make things easier is our goal.

Thank you for Volunteering to assist our club and it's members by storing these items at your home and bringing those items to our meetings as needed. Please, if you have ideas on making the job of storing equipment any easier let me know.

Thanks

Red Murr: Equipment Coordinator

The DEMO was planned for Phil Wiles, however, due to an unexpected death of his daughter-in-law Phil cancelled his demo for this month. The Club extends condolences to Phil and Shirley and family. If we have a demo it will be done by whoever steps up to fill in. We might do a general discussion again like we did last year.
