PRESIDENT'S COMMENTS

Hello Fellow Woodturners –

Well, I hope you've turned on the air conditioner in the shop and gotten to spend some time making chips.

SWAP MEET SATURDAY – Bring items to sell, trade or give away and bring money so you can take home some new toys! We will have our regular business meeting and the Show & Tell, then during the break we will clear off the Show & Tell tables and set up more tables to put our stuff out. Have fun shopping and I sure hope EVERYONE brings some items to make this a successful event and something we may want to do each year. We could make August our annual Swap Meet meeting.

We are participating in the Celebrate Lakeview Festival September 28th, which is held at the City Park (behind our meeting place) from 10 to 4 pm. I am so pleased that Ozark Woodturners will be represented by Frank Nixon and Dallas Hensley performing demonstrations throughout the day. Plus, four members will be participating with booths set up at the festival. I think it is great when members step forward makes things happen, that is what keeps our club thriving. Thank you!

The winner of the door prize at the July meeting was the new kid on the block having JUST joined that day, Jeff Smith and he chose the \$25.00 Harbor Freight gift card. Congratulations Jeff!

We will draw for the door prize this month just before the break as everybody will be too scattered to try to do it once the swap meet starts.

Just a reminder if you have not had your photo taken for the website, please see Bob Shaffer or myself at the meeting. So many of us know names or know faces but can't put the two together. The Member Photo Album on the website is GREAT for this very purpose! I encourage you to have your photo added but of course, it is not required.

THERE WILL BE NO RAFFLE AT THIS MEETING DUE TO THE SWAP MEET.

If there is anything above you need to discuss or clarify, please feel free to message or call me, I am here for you.

SATURDAY MORNING WORKSHOPS WITH MENTORS

There will be a Mentor session before the Aug. 10th Ozark Woodturners meeting. The facility doors open at 8:00 am. Equipment needs to be set up by 9:00 am. Your "Turning Skills" will definitely improve if you come to the sessions, ask questions, watch, listen and practice what is covered. It is a chance to visit like we never had before.

Dallas Hensley and James Pruitt will make this a Pen Turning Workshop to grow the Club Outreach for Disabled Veterans in the VA Hospital at Fort Roots in Little Rock. Ten pen kits have been purchased for this workshop so let's be there and make the event worthwhile.

- ★ If you have a small lathe, bring it and its associated equipment.
- ★ Bring some turning stock to work on.
- ★ Bring Face protection, sack lunch,
- ★ and your name tag.

If you have any questions or have a turning project or technique that you need help on please call me at 870-481-5315 or send email to: jandep@centurytel.net

James Pruitt, Mentor

The Demo in SEPTEMBER will be James and Dallas doing pen turning again. The club needs more participants in this outreach so the teaching will be done in-house through today's workshop and the September DEMO.

Minutes of July Meeting 7-13-19

Darcie called the meeting to order at 1:05 pm.

Officers in attendance were Darcie, Red, Bob and Art. James Pruitt filled in for Gerald who is in the hospital. There were 29 people in attendance. One guest, Bernie Martinson. Two new members, Jeff Smith and David Groves.

Joe Parks, past president, passed away on July 12.

A discussion was held on the dangers of table saw use.

The demo time at the August meeting will be used for a tool swap and sale.

September 28 is the Lakeview Festival, which Darcie and Ron will be attending as vendors. Darcie asked if we wanted to use this opportunity to represent our club and the membership agreed to have the club lathe there and a couple members will do demos during the day. Dallas Hensley and Frank Nixon agreed to do demos.

Show and Sale committee had a meeting getting the event organized. All volunteers are welcome to participate. Members wishing to participate should contact Darcie or Ron. Currently there are 7 vendors signed up.

Door prize and raffle program will be changed to improve the method of execution, going back to the old method.

The August workshop will feature pen turning skills. Dallas will head this program to help with the pen blanks for the VA.

The VA rep will attend our August meeting to explain how the program is going.

Anyone wanting to place an ad in the newsletter for items for sale should contact Sherm.

Ron Ufkes had the demo on Helpful hints for woodturners.

Jeff Smith won the door prize of the Harbor Freight \$25 certificate.

Meeting adjourned at 1:50 pm. Art Ritter, Secretary.

VICE PRESIDENT'S COMMENTS

As Vice President, I will try to continue the established practices past officers practiced. I am also the equipment coordinator. The officers are trying to improve methods of keeping track of the club equipment that we have. I will try to update the equipment list, and address any issues that members have storing the equipment.

If you are storing lots of "Stuff", some of that "Stuff" may be unfamiliar to you. You might wonder if it is all necessary. I will try to identify that Stuff.

I will contact each of you to see if you have any issues, and complete an equipment inventory, to make sure we have what our list indicates you have. If you don't have what's listed it may have been approved for disposal, but is still listed as current property. Some of you may be purchasing supplies periodically, like cups, napkins, batteries, etc. and those items are always changing.

We don't want to make storing club items a problem. Any ideas you have to make things easier is our goal.

Thank you for Volunteering to assist our club and it's members by storing these items at your home and bringing those items to our meetings as needed. Please, if you have ideas on making the job of storing equipment any easier let me know.

Thanks

Red Murr: Equipment Coordinator

Editorial notes and comments.

1. Members of AAW ((Amer. Assoc. of Woodturners) have free access to Forums. In my 20 years of woodturning I have learned a great deal by joining and reading Forums of all kinds. In 2011 I joined the forum website BT3Central.com but I have not visited it often. Their focus began on the Ryobi BT3 Table Saw. Since subscribers joined in flocks they changed the forum name to sawdustzone.org and broadened its scope to many kinds of tools. The Group has grown to: Topics: 59,719, Posts: 544,140 by Members: 19,631. At this writing (Tuesday night) 64 active members were online. I intend to post some of the experiences I've had with tools and equipment to help others avoid purchasing mistakes like I've made.
2. I thank and commend Gary Hensley, one of our new members, for writing a document about lathe drives, what we novice electricians might call capacitors. Gary has done this for club members only. See Gary at the meeting if you are interested in learning more about your large lathe drive device.
3. Try as I may to keep up with subscription reading time it is difficult to find the time. As the popular song goes..."Time keeps on creeping into the future". The "American Woodturner" journal from AAW is so well published and contains a breath of knowledge we can all use. If you want more knowledge about woodturning consider a membership in AAW. It will provide you with six bi-monthly issues. The education you'll get is high quality and the cost is comparatively low.

Sincerely,
Sherm Anderson, Editor cell text 870-615-0329
