PRESIDENT'S COMMENTS - February 2020

Greetings Wood Turners,

As I start my term as Club president, I wanted to share my thoughts and those of the other Board members on our vision for the year. Our goal is for members to share their interests in wood turning and learn from fellow members to become better turners. We hope to tailor our meetings and programs to cover a wide range of topics that will be of interest to, and benefit both new as well as more experienced turners. I joined the Club in 2013 with no knowledge of wood turning, but wanting to satisfy an interest that I had after many years doing a variety of woodworking. The Club gave me that opportunity to learn from other members who were passionate about this craft and willing to teach others. I hope that this tradition of the Club and its members continues in 2020 and beyond.

There will be many opportunities to assist the Club this year, including many support positions and volunteering to help at our regular meetings and special events. Please consider volunteering when these positions are announced. Specifically, Darcie Didden has volunteered to be our Club photographer, who will take pictures for the newsletter and document our Club events. We are also in need of a person to do public relations and community outreach. We need to publicize our Club within the community and generate interest for prospective new members. Our work in supporting the VA's Pen Turning program is a great example of the Club's great work that has gotten much recognition.

In addition to our monthly demonstrations, our meetings will include a Tip of the Month. This will be a short (five minutes or so) presentation of a tool, technique or other item of interest. This is a great opportunity for members, who may not be ready to do a full demonstration, to share some personal knowledge that can benefit the group. Please let me know if you have a tip to share, and I will get you scheduled for an upcoming meeting.

Please do not hesitate to comment, make suggestions, or ask questions about the Club or how we function. I hope to see you all at the meeting on February 8th.
