President's Message ...

Dear OWT members,

I hope that you all had a Merry Christmas with your family and friends. I look forward to serving as the Club president for another year and hope that it will be fun and informative for all members. If you have any questions or comments, including constructive criticism, please let the Board members know so that we can be responsive.

I would like to add a couple of new items as part of our normal meeting agenda. At the end of Show and Tell, we will have a time of Q & A, when members can ask any question that they may have related to the Club function or wood turning, no matter how basic. We have a wealth of wood turning knowledge among the members, who are more than willing to share, especially to our newer and less experienced members. We will also have a Tip of the Month. This will

be a 5 to 10 minute presentation regarding a tool, technique, product or anything else turning or shop related to that may be of interest to the members. If you have something to share, let me know and I will get you on the agenda.

Remember to pay your 2022 dues at or before the next meeting in order to get the discount. Also, anyone who participates in the Show and Tell will have their name entered in an instant drawing for a gift certificate.

I hope to see you all on January 8th at the VFW. In the meantime, enjoy some time in your shop and turn safely.

Ed Boiteau, President
