Next Meeting

Saturday Oct. 8, 2022
TIME: 9:30 A.M.

WHERE: Mountain Home VFW—214 West 7th St.
DEMONSTRATION: Steve Wagner will review the ins and outs of using spray lacquer, including:

- **The different finish effects of flat, dead flat, semi-gloss and gloss**
- **Sealing wood with sanding sealer & other sealers**
- **Compatible final finishes and effects over lacquer**

September Demonstration

At the September meeting Bill Dorzok demonstrated how to apply wipe on polyurethane as a finish.

Working on the lathe Bill applied a heavy application of the poly using a tee shirt rag. He then let the vase dry for 12-14 hours and then sanded and applied a second coat. In total four applications were made with dry time as noted and sanding. After the fourth application dries, he sanded the vase with 1200 and then turned the lathe up to 1200 rpm and polished it with the tee shirt rag.

Bill says although it takes longer than a CA finish, he prefers the finish and doesn't have to contend with the fumes.

Kenneth's Wed. Open Shop

Kenneth Higgins is hosting an Open Shop day every Wednesday. The purpose is to help turners who have a project they need assistance with. Where: 5729 Highway 202 Flippin, Time: 9 a.m.

Frank Nixon & Bob Karr brought in projects to take advantage of Open Shop Day.

Newsletter Editor: Linda W. Moore

President's Message ...

Dear OWT members,
At the October meeting, we will take note of the number of sale tables that members of our Club and the Woodcarvers Club are interested in reserving for the Annual Show and Sale. There are a significant number of members, for whatever reason, who will not be participating in the Show this year. As a result, we need to determine if there is sufficient interest in having a Show this year and to justify the cost and work involved in doing the planning and set-up of the Show. Please come prepared to weigh in on this matter.

Again, I want to address the upcoming election of officers at the November meeting. There are at least three positions where the current officer will not or cannot run for re-election. These include: President,Vice-President and Secretary. Anyone who is interested in serving in these or any officer position, please let the Nominating Committee know, which is headed by Red Murr.

Members are encouraged to bring in their recent work for the Show and Tell. Those participating will have their name entered into an instant drawing for a $10 gift certificate. This is a great opportunity to get experienced advice on your turnings, whether it be wood selection, turning tools and technique, or finishes.

The next meeting will be on Saturday, October 8th at the VFW in Mountain Home, starting at 9:30 AM. Come a bit early to help set up the room. For the demonstration, Steve Wagner will be discussing the ins and outs of using spray lacquer.

In the meantime, enjoy some time in your shop and turn safely.

Ed Boiteau, President

From the Editor

As I look back over my six years in the Ozark Woodturners Organization, I feel blessed to be involved in an organization that gives so much back to its' members. Training through classes and demonstrations; mentoring by experienced fellow tTurners; support and encouragement to try something new; access to library of books & videos, supplies at cost, etc.

It's important that we all contribute to make OWT continue to be a valuable organization. With that said, please consider stepping into one of the officer roles for 2023. Talk with the individuals that currently hold the position and understand what's involved. I think you'll be surprised that it is not going to consume an enormous amount of your time. Red Murr is heading up the 2023 OWT Nomination Committee, he can be contacted at 870-736-6660 or camurr@gmail.com.

Linda W. Moore

Below is "working list" of 2022 Officers and Proposed 2023 Officers:
