PRESIDENT'S MESSAGE

:Hi All;

I hope everyone is able to keep cool. I haven't been doing a lot of turning. Been busy gardening, fishing and just lazing around.

Instead of our turning demo this month, we will be confessing our failings. Ten or twelve years ago one of our members came to a meeting with the index, middle and ring fingers all the same length. After he received the heartfelt sympathy of his fellow members, it was decided that we should all confess injuries that we had received through inattention, carelessness or ill fortune. It was a fun session in which I believe we all became more safety conscious. Remembering this, several members suggested that we do it again and so this will be our activity in lieu of a turning demo. Everyone will be called upon to tell of an injury or close call received while working with tools or some kind of shop equipment (not necessarily related to woodturning).

Having other pressing responsibilities, Darrell Smith has been unable to take over the editing of the club's website. I will have the information necessary to do that job at the meeting and will be asking for someone to take it on.

I have scheduled the Lakeview City Hall for July 28 for our workshop from 9 AM to 4 PM. We will have a sign-up sheet at this meeting for those who have not yet committed themselves to attend and I also need to know who will act as mentors and furnish equipment. If you are unable to attend the meeting this Saturday, but want to attend the workshop, please give me a call. Attendees will need to bring their lunch and something to drink if they want something

Wood raffle will follow the group discussion. Please bring wood!

We encourage everyone to bring your turning projects to the meetings to show and tell. If you need advice we will help. We can all learn from One another.

CAVHS (Veterans wood turning program support) Up-date: 716/2018

Members are reminded to bring their DAV prepared pen blanks to the meeting. James will have more blanks for preparation at the meeting if he can get more pen tubes. We have sent 130 pen sets to the DAV since the last meeting.

Thanks to everyone who is continuing to support this worthwhile cause.

To learn more about our support of the VA wood turning program, see our web site www.ozarkwoodturners.com or James Pruitt.

Our Veterans could use your personal assistance at their "Turning Center" on Mondays from 10 to 12 and 1:30 to 3:30 and Tuesdays from 1 to 3. Call James Pruitt to make arrangements to travel to Little Rock to assist. You can ride the DAV van, if there is room.

See James Pruitt (our Treasurer) if you want to contribute to our club's Veterans Support Fund.

Still looking for a club DAV coordinator.

The Demo this month will be a group discussion about personal failures in the workshop and good precautions to use.

Wood raffle follows the Demo.
